

The LiveWell @ School Food Initiative

The LiveWell@School Food Initiative partners with food service directors and their staff to serve up freshly prepared meals that taste good and are good for students too. We do this by providing workshops and training, on-site chef support, strategic and culinary action planning, and operations and marketing technical assistance. It's our mission to make sure every child in Colorado eats well, lives well, and stays well. We invite you to join the movement to put fresh ingredients and fun cooking back on the line!
